## **Standard Capital Markets Limited to Establish Asset Reconstruction Company (ARC) with ₹300 Crore Commitment and Expected 15-20% Return on Investment**

**Delhi** – Standard Capital Markets Limited, a leading financial services Company, is pleased to announce the establishment of its own Asset Reconstruction Company (ARC). This new venture will focus on the management and resolution of distressed assets and non-performing loans (NPLs) in the financial sector, with a strong commitment of ₹300 crore from the company.

As part of this strategic initiative, Standard Capital Markets Limited will also act as a sponsor for the ARC. The company expects to achieve a return on investment of 15-20% over the medium to long term, based on the anticipated success of resolving distressed assets and improving recovery rates. This expected return reflects the company's confidence in the potential of the ARC to deliver substantial value both for its investors and the financial ecosystem.

The ARC will specialize in acquiring distressed assets, managing and restructuring them, and facilitating the resolution of NPLs. With the backing of a committed ₹300 crore, the ARC aims to revitalize troubled businesses, improve asset recovery, and enhance the overall stability of the financial sector.

Management of the Standard Capital Markets Limited, commented, “We are thrilled to announce the establishment of the Asset Reconstruction Company, supported by a ₹300 crore commitment. We believe that the ARC will not only contribute to the resolution of distressed assets but also provide attractive returns of 15-20% on investment. This initiative is a testament to our long-term vision of fostering growth and stability within the financial system while delivering value to our stakeholders.”

### **Key Highlights of the ARC Initiative:**

- **Focus on Distressed Assets and NPLs:** The ARC will focus on the acquisition, management, and resolution of distressed assets and NPLs, aiming to improve recovery rates for financial institutions.
- **Comprehensive Asset Management and Restructuring:** The ARC will offer comprehensive services in asset management and restructuring, seeking to maximize value from distressed assets.
- **Strengthening Financial Systems:** By addressing the issue of NPLs, the ARC will play a key role in enhancing the financial stability of banks and financial institutions.

- **Expected 15-20% Return on Investment:** Standard Capital Markets Limited expects to achieve a return on investment in the range of 15-20% from its ₹300 crore commitment to the ARC, underlining the anticipated success of the venture.
- **Contributing to Economic Growth:** The ARC will support economic growth by efficiently resolving distressed assets and ensuring better allocation of financial resources.

The ARC will be managed by a team of experienced professionals with expertise in asset management, restructuring, and financial services. Standard Capital Markets Limited is confident that the ARC will help resolve distressed assets while delivering strong returns and contributing to the stability of the broader financial ecosystem.

### **About the Asset Reconstruction Company (ARC):**

The Asset Reconstruction Company (ARC) is designed to be a transformative force in the resolution of distressed assets in India's financial sector. With the ability to acquire, restructure, and resolve non-performing loans, the ARC aims to offer customized solutions that help banks, financial institutions, and corporate borrowers navigate financial distress. Through strategic asset management, effective restructuring, and recovery mechanisms, the ARC will create opportunities for financial institutions to reduce their non-performing assets (NPAs), enhance their balance sheets, and improve overall financial stability.

The ARC will be fully **regulated by the Reserve Bank of India (RBI)**, ensuring that it adheres to all necessary compliance and regulatory frameworks. This oversight will help maintain the highest standards of operational transparency and accountability, further supporting the resolution of distressed assets in the Indian financial ecosystem.
